

**Beachstone**<sup>®</sup>  
Sustainable Surfaces from Maine

LEED<sup>®</sup> TECHNICAL INFORMATION SHEET  
**6 Points**

The USGBC developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System in order to transform the built environment to sustainability by providing the building industry with consistent, credible standards for what constitutes a green building. There are different types of LEED rating systems, and all are continuously refined. You can check the latest versions at the USGBC website.

**LEED-NC, LEED-CI & LEED-CS**

Credit ID	ID Description	Beachstone <sup>®</sup> Details
MR 4.1	Recycled content by weight 10%	85% recycled by weight (80% Post-consumer / 5% pre-consumer)
MR 4.2	Recycled content by weight 20%	85% recycled by weight (80% Post-consumer / 5% pre-consumer)
ID	Innovation in Design: Recycled content 30% or greater	85% recycled by weight
MR 5.1	Regional Materials: 20% manufactured regionally	80% by weight extracted from Maine, 5% by weight extracted from Maine and Massachusetts 100% manufactured in Maine
MR 5.2	Regional Materials: 10% extracted and manufactured regionally	
EQ 4.1	Low-emitting materials: adhesives and sealants	Beachstone <sup>®</sup> Sustainable Surfaces products are VOC-free and contain no petroleum products
